- Security must be supplied as per the Terms and Conditions outlined on Booking Application.

*The club understands that special events can be expensive if the hirer has to meet full costs of drinks for guests.*

*The club has developed a package to assist the hirer to keep costs to a minimum.*

*This also ensures that the House Policy of Responsible Service of Alcohol is adhered to.*

### **Hirer to pay costs of drinks.**

If the hirer is paying costs of drinks this must be paid up front on the night.

Money will be put over the bar and once used, hirer will be advised.

A credit card will be required to be held by the club prior to the event commencing.

Cheques will be accepted if prior arrangements have been made. EFTPOS facilities are available at the club.

## **Non Profit Organisations**

The club understands the importance of Non Profit Organisations in the community and as such will look at proposals from Non Profit Organisations on a case to case basis.

## **Weddings**

The club is aware that this is a special event for the couple and will endeavour to make the special day a memorable occasion without the cost being excessive.

Drinks will be made available at club bar prices; arrangements for special wine and champagne may be arranged with the club on application with the Centre Manager.

## **Corporate Functions**
